DRAFT TERMS OF REFERENCE

IRAN

The Problem:

To estimate the current position of Iran in the world balance of power.

Scope:

This estimate is designed to answer the following broad questions relating to the current position of Iran --

What is the strategic importance of IRAN to the US and its allies? to the USSR?

What are the scope and character of possible Soviet measures designed to gain influence or control over Iran?

What are the prospects for Iranian resistance to those Soviet measures?

What deficiencies essential to the maintenance of the stability and security of Iran must be met by the US and its allies?

Suggested Outline:
